

dōTERRA®

CORPORATE TRAINING

3 Oct 2017,

Tuesday

7pm to 8pm

dōTERRA Singapore Product Center

Growing your business: Back to Basics

Are you inspired to be a dōTERRA builder?

In this training, Seang Looi will focus on the foundations of your dōTERRA business.

Lee Seang Looi, Diamond, SG Founder

Before dōTERRA, Seang Looi was an asset manager from the retail industry. She led a very busy life, juggling between being a professional in the corporate world and being a single mum to her two young girls. After she was introduced to dōTERRA products, the culture and the opportunities the company provides, she decided to invest her time and energy in sharing dōTERRA and thus quit her job 3 years ago.

Without much knowledge about essential oils, no background in sales and marketing and being clueless how to run a networking business, building dōTERRA quickly becomes a daily lesson and challenge. Her mission in life now is to touch lives and be touched by others by helping people gain health, wealth and give hope to them.
