Zhong Yilin,

dōTERRA Event Executive

Stepping into the world of essential oils, Yilin has been bedazzled by the many great applications of these potent liquids. From experimenting essential oils via the traditional means of aromatic, topical and internal uses, she has gone on to explore ways to incorporate essential oils into leisure and recreation. One of her favourite pastime is colouring and in this upcoming festive, she would be combining essential oils with art therapy to bring you the very first Make-Your-Own scented crayons DIY workshop!

**Get to take
home custom-
made scented
crayons and its
recipe!**
