JC Lai, *Blue Diamond*

Before embarking on her dōTERRA journey, JC was a piano teacher for 15 years. Upon witnessing the potency and the positive health transformation of her loved ones, JC discovered her passion to share and teach about the uses and applications of essential oils. In recent years, she has been actively travelling to places in China, Singapore and Malaysia to advocate and impart her knowledge on the usage of dōTERRA's CPTG Essential Oils and skincare solutions by conducting classes for everyone.
