

dōTERRA

CORPORATE TRAINING

**22 March 2018,**

**Thursday**

*7pm to 8pm*

dōTERRA Singapore

Product Center

*\*Bring your own spray bottle for this DIY Session\**

Body Odour (BO) is an unpleasant smell produced by bacteria on the skin that breaks down the acids in your sweat. The war to fight BO has been real, fervent and on-going with many new personal grooming products and treatments sprouting out in the market on a regular basis.

Take charge of your grooming proactively and with cost-effectiveness by learning how to create a special deodorant blend using your favourite dōTERRA Essential Oils in a simple DIY exercise!

*Gold*

## Joycelyn Chua

Joycelyn is currently pursuing her passion as a Holistic Health Coach. She has provided support to more than 400 families across Asia. She retired from corporate life after spending 12 years in major oil, gas and petrochemical MNCs.

*Come and join Joycelyn as she will also reveal the secret on warding off odours of all sorts using essential oils to not only smell good, feel good but also boost your well-being to tip top form!*
