Discover more of your latent personality traits with an  Enneagram Test!

## *About Speaker*

### **Tasha Tan (Jane)**

*Director*

Jane has been wowed by the power and efficacy of essential oils since 2014. She enjoys the sharing and learning of experiences from each other. Coming from a background in leading regional projects for technology and consulting companies, and now financial services, she has met many corporate high flyers who rely on medicine to restore health. Therefore embracing natural healing comes very naturally to her.
