**Monday,
30 April 2018**

7pm to 8pm

dōTERRA Singapore
Product Center

*Mothers' Day
Delights*

Invite your mom along
to experience CPTG Essential Oils and a
soothing massage from none other than her
loveliest child!

Lee Seang Looi

Diamond, SG Founder

When Seang Looi's former classmate told her how dōTERRA essential oils were supporting her family's health, she was intrigued yet skeptical. Having been always interested in natural solutions, she wanted to find out how essential oils could benefit her and her family. As she learned and use essential oils more, she started sharing them with friends upon hearing their health challenges. This has led her to her greatest motivation and purpose in life – building communities, touching lives, and be touched by others – as she finds ways to help people easing their struggles, be it physical, emotional, or financial.

dōTERRA®

Special Feature

Question: How would you like to spend this Mother's Day?

Seang Looi:

To me, Mothers' Day is best spent doing something together with my mum or with my daughters. Something that we usually don't have time for, such as chilling out by the pool or doing up our hair, pedicure, manicure or spa together at a salon.

~~ Say Cheese! ~~

~~ Check it out! ~~

dōTERRA Singapore

A special shout-out to all
Moms out there:

Thank you for being such an
amazing person! Without you,
our lives would not be so filled
with love and joy.
You are the best gift in our lives!
